## Education

### **B.S. IN COMPUTER SCIENCE | 03/23 | OREGON STATE UNIVERSITY**

- **Relevant Completed Coursework:** Programming foundation done in Python, Data Structures, Object-Oriented Design, Assembly, React, NodeJS, MERN Web Stacks.

### **B.S. IN GEOLOGY | 12/18 | UNIVERSITY OF TEXAS AT ARLINGTON**

- Minor: Biology

## Technologies

### **MERN SPA**

- Implemented REST API and React UI for MERN stack class capstone project.

### **PYTHON**

- Data structures, algorithms, and core fundamentals learned in Python.

### **MONGODB**

- Design, manage, and query experience connected to a NodeJS back end.

### **HTML/CSS/REACT**

- Developed front end for a community grocery store web project.

### **NODE.JS WITH EXPRESS**

- Created several small back end servers connected to React front end.

### **GIT**

- All school projects submitted using Git and a remote repository.

## Experience

### **ENVIRONMENTAL INSPECTOR | STORMCON LLC | 04/19 - 04/21**

- Responsible for reviewing SWP3 and civil construction plans and tasked to conduct stormwater inspections for land development, home building, and general construction clients. Prepared and distributed weekly inspection reports and site maps using MS Office, Adobe Acrobat, and TurboCAD.

### **PROJECT TECHNICIAN | KINLEY CONSTRUCTION GROUP | 12/18 - 04/19**

- Managed organization of all project documentation and scheduling of personnel safety training. Authored, maintained, and distributed daily safety and production reports, RFI's, submittals, and meeting minutes. Assisted the project manager and superintendent with day-to-day job site operations.

### **ARMY NATIONAL GUARD | 09/12 - 09/18**

- Performed honorably as an infantry fire team leader and maintained 100% accountability of all equipment, weapons, and sensitive items during operations. Awards and decorations include the Texas Medal of Merit, the Humanitarian Service Medal, the Army Achievement Medal, and the Air Assault Badge. DoD Secret security clearance is current.

## Skills

- Fluent in MS Office
- Operations supervision
- Methodical troubleshooting
- Attentive to client needs
- Time management
- Cross-team coordination
